## SUMMARY

---

As a Web Designer, I've been in the tech industries for almost three years, working as a creative designer with a track record of collaborating in the Product Development Life Cycle. I strive to meet user needs and behavior while balancing them with client business needs. I also enthusiastic when working on each design, reliable, responsible, able to lead a team, and work in a team or individually on his own initiative supported also by the ability to adapt and learn quickly.
